

		Monday: June 3rd, 2019					
Plenary session: Grote zaal > 09:00 - 10:30							
	P 1	Opening speech					
		<i>Carmen Voogt & Sally Casswell</i>					
	P 2	Challenges for alcohol prevention in the Netherlands					
		<i>Ninette van Hasselt</i>					
	P 3	Social and epidemiological research on alcohol: trends in research presented at meetings of the Kettil Bruun Society between 1983 and 2017 About booze; what did we choose in the past decades?					
		<i>Henk Garretsen</i>					
	P 4	Geographical; cultural and epistemic heterogeneity in addiction publishing					
		<i>Mathilda Hellman</i>					
	DISCUSSANT	Robin Room					
P 5	Jellinek Award presented by Robin Room						
		Coffee break: 10:30 - 11:00					

	Room	Balzaal	Tuinzaal	Tapas: big	Tapas: small	Cocktail
Parallel sessions: 11:00 - 12:30	Title	Pregnancy	Survey methodology	Peers / young people	Intervention: history, abstinence, recovery, workplace	Academic performance / aggression & crime
	CHAIR	Samantha Wells	Kim Bloomfield	Lars Sjödin	Henk Garretsen	Elin K. Bye
	P 1	Why are we failing to identify drinking in pregnancy? A systematic critical review of antenatal alcohol screening	How representative are an internet survey and an on-street survey compared to government-backed surveys?	An experimental study on the interaction between peer context and implicit drinker identity: the mediating role of conversational valence in online chat sessions	History of the role of mental health services in Western Australia of managing problematic users of alcohol	Increase risk of academic and employment consequences among heavy-drinking university students who engage in poly-substance use
		<i>Niamh Fitzgerald</i>	<i>Alessandro Sasso</i>	<i>Helle Larson</i>	<i>Greg Swensen</i>	<i>Hannah Allen</i>
	P 2	Alcohol drinking and medical control during pregnancy in Russia	Comparison of the extent and nature of alcohol problems using data from surveys vs. health care registers	Homophily in social networks and alcohol use: the role of peer similarity, relationships, and ethnical background for co-existing drinking habits among young adults	IkPas (No Thanks): the effects of 30 to 40 days temporary alcohol abstinence for participants and society	The prevalence and impact of alcohol consumption on academic performance among undergraduates of Delta State University, Agbor Campus, South-South, Nigeria
		<i>Zoya Kotelnikova</i>	<i>Pia Mäkelä</i>	<i>Nina-Katri Gustafsson</i>	<i>Rob Bovens</i>	<i>Philip Egbule</i>
	DISCUSSANT	Carly Lightowers	Ludwig Kraus	Hilde Pape	Sidsel Eriksen	Emilie Thern
	P 3	Alcohol use during the perinatal period in Mozambique	Ranking alcohol's harm to others: a key informant survey of alcohol survey leaders across different countries	Exploring the interplay between social support and alcohol consumption across the life course	Exploring identity and social support in recovery through photovoice	Crime, violence and alcohol and other drug use among adolescent boys and young men in South Africa
		<i>Ilana Pinsky</i>	<i>Oliver Stanesby</i>	<i>Philippa Case</i>	<i>Lisa Schölin</i>	<i>Sebenzile Nkosi</i>

	P 4	Exploring the role of "abortion anxiety" in shaping science and policy related to alcohol use in pregnancy	Comparing different methods of measuring peak consumption during risky drinking events	Trends in the demographic composition of young people who still drink, smoke and take drugs in England		Urban points of interest and their association with violence
		<i>Sarah Roberts</i>	<i>Paul Dietze</i>	<i>Melissa Oldham</i>		<i>Joseph Redfern</i>
DISCUSSANT		Olujide Adekeye	Gerhard Gmel	Jonas Raninen	Inger Synnøve Moan	Kirsi Günther

	Room	Balzaal	Tuinzaal	Tapas: big	Tapas: small	Cocktail
	Title	Minimum Pricing	Nightlife / home drinking	Alcohol questionnaire assessment	Drinking culture	Treatment
Parallel sessions: 14:00 - 15:30	CHAIR	John Holmes	Taisia Huckle	Amber Copeland	Harald Klingemann	Robert Saltz
	P 1	The potential health impact of an alcohol minimum unit price in Québec: An application of the international model of alcohol harms and policies	Home drinking as a routinized social practice: comparing heavy and lighter drinkers	The alcohol use disorders identification test (AUDIT): a systematic review of all existing Russian language versions	The who, what, where, when and why of adults' drinking occasions and their association with acute alcohol-related harm: a systematic review	The social contexts of drinking and the heavy drinker typologies
		<i>Adam Sherk</i>	<i>Janette Mugavin</i>	<i>Anna Bunova</i>	<i>Abigail Stevely</i>	<i>Elin K. Bye</i>
	P 2	"Every stage of the policy process": alcohol industry strategy on minimum alcohol pricing in Scotland since 2011	Drinking style in nightlife districts	Validity of the AUDIT-C and other abbreviated versions of the full AUDIT for use among bar patrons in South Africa	Drinking culture and drinking situations in Norwegian working life	Changes in the client's hopefulness and experienced wellbeing during inpatient substance abuse treatment
		<i>Benjamin Hawkins</i>	<i>Franca Beccaria</i>	<i>Neo Morojele</i>	<i>Hidegunn Sagvaag</i>	<i>Eeva Ekqvist</i>
	DISCUSSANT	Dike van de Mheen	Kristine Vaadal	Thomas K. Greenfield	Ruud Roodbeen	Juliet Namukasa
	P 3	Evaluation of the impact of minimum unit pricing in Scotland on people who are alcohol dependent: study description and report on baseline data	Rave parties: electronic dance music (EDM), alcohol and drug use, and personal-spiritual experiences	An examination of age differences in the alcohol use disorders identification test using item response theory	Influence of socio-cultural rites on the drinking culture of the Urhobo people of the Niger Delta: a biblical response	Modeling the effects of increased coverage of qualified alcohol withdrawal treatment on morbidity and mortality compared to physical detoxification
		<i>Penny Buykx</i>	<i>Meir Teichman</i>	<i>Sarah Callinan</i>	<i>Osbert Uyovwiewovwe Isiorhovoja</i>	<i>Jakob Manthey</i>

	P 4	Perspectives of people in treatment for alcohol dependence on minimum unit pricing (MUP) for alcohol in Scotland: a qualitative study	The impact of the Queensland government's tackling alcohol-fuelled violence policy on live music culture	Damage of belongings, traffic accidents, physical harm... which experiences are more or less harmful? - using item response theory to scale harms from others heavy drinking reported in fifteen countries		Tackling tensions between competing logics in marketized welfare-systems - the case of new public management in the Swedish addiction treatment system
		<i>Jane Hughes</i>	<i>Cheneal Puljevic</i>	<i>Ulrike Grittner</i>		<i>Jessica Storbjörk</i>
DISCUSSANT		Jinhui Zhao	Florian Labhart	Jason Ferris	Joao Ricardo Nickenig Vissoci	Amanda Jones
Coffee break: 15:30 - 16:00						

	Room	Balzaal	Tuinzaal	Tapas: big	Tapas: small	Cocktail
	Title	Tax & Expenditure	Nighttime economy & outlets / licencing	Trend	Social Inequalities	Intervention in developing economies
Parallel sessions: 16:00 - 17:30	CHAIR	Matt Lesch	Alexandra Snowden	Pia Mäkelä	Koen Smit	Inge Kersbergen
	P 1	How many alcohol attributable deaths and hospital admissions could be prevented by applying comprehensive volumetric alcohol excise tax? A Canadian modelling study	How serious assaults in night-time entertainment precincts are influenced by the interaction between high-risk outlet density and trading hours	Alcohol abuse OPD cases in Uganda by region: a 2012-2017 time series analysis	Social inequalities in alcohol-related sickness absence and presenteeism? A study among Norwegian employees	Closing the alcohol treatment gap: lessons learnt from the development of the integrated alcohol intervention program in Thailand
		<i>Tim Stockwell</i>	<i>Nicholas Taylor</i>	<i>Nazarius Mbona Tumwesigye</i>	<i>Inger Synnøve Moan</i>	<i>Phunnapa Kittirattanapaiboon</i>
	P 2	Socioeconomic variation in the relationship between household spending on alcohol and tobacco and overall household expenditure in England	Night-time alcohol purchasing behaviour in relation to the implementation of national trading hour restrictions in New Zealand: findings from the International Alcohol Control (IAC) study	Decline of alcohol consumption in Russia in 2006-2017: do birth cohorts matter?	Social inequalities in alcohol use: the role of perceived stress, psychological capital and time perspective in explaining differences in drinking behaviour between low and high SES individuals in the Netherlands	Feasibility of a pragmatic randomized adaptive clinical trial of a culturally adapted brief intervention for alcohol use in Moshi, Tanzania
		<i>Colin Angus</i>	<i>Taisia Huckle</i>	<i>Vadim Radaev</i>	<i>Karen Schelleman-Offermans</i>	<i>Mary Catherine Minning</i>
	DISCUSSANT	Florentine Martino	Kathryn Graham	Rita B. Neves	Catherine Paradis	Justyna Klingemann
	P 3	Are UK alcohol taxes regressive?	Two-year results on police-related data of the implementation of statewide liquor licencing restriction and mandatory ID scanners in Queensland, Australia	Trends in the alcohol consumption and alcohol-related morbidity and mortality in Russia between 2000 and 2017: successes and future potentials of alcohol control policy	On a social gradient in morbidity, mortality and excess mortality in alcohol use disorder	Interventions to reduce alcohol harm in low and middle income countries: a systematic review and meta-analysis
		<i>Aveek Bhattacharya</i>	<i>Peter Miller</i>	<i>Maria Neufeld</i>	<i>Ingeborg Rossow</i>	<i>Jinny J. Ye</i>

	P 4	From "public need" to "public interest": comparative analysis of liquor licensing test in Australian jurisdictions	Natural experiment to evaluate the impact of individual alcohol licencing decisions on health and crime	Has drinking preference in Sweden between 2001 and 2016 changed? An age-period and cohort approach	Differential trends in hazardous drinking, marijuana and tobacco use by sexual minority status: changes over time in the National Alcohol Survey	
		<i>Claire Wilkinson</i>	<i>Frank de Vocht</i>	<i>Ludwig Kraus</i>	<i>Laura Drabble</i>	
DISCUSSANT		Mark Wolfson	Penny Buykx	Jose Romeo	Kirsimarja Raitasalo	Vincent Wagner

		Tuesday: June 4 th , 2019					
Room	Balzaal	Tuinzaal	Tapas: big	Tapas: small	Cocktail	Quiosque	
Title	Domestic Violence	Trade & Law	Age Limit	Cognitions & Emotions	Women's drinking pattern	Age of initiation, youth trajectories	
Parallel sessions: 9:00 - 10:30	CHAIR	Anne Hope	Jacek Moskalewicz	Giora Rahav	Janette Mugavin	Sharon Wilsnack	Nazarius Mbona Tumwesigye
	P1	Examining the local-level relationship between alcohol outlets and family violence - an update	The impact of Trans-Pacific Partnership Agreement (TPPA) on alcohol control	The right time and place: a new approach for prioritizing alcohol enforcement and prevention efforts	Patterns of binge drinking from mid-adolescence to young adulthood and later cognitions and emotional processing: improving causal inference	A mixed-methods investigation of alcohol use among female youth in region public health 3rd Nakhon Sawan Province, Thailand	The development of drinking trajectories among Australian young-adults
		<i>Michael Livingston</i>	<i>Chardsumon Prutipinyo</i>	<i>Ruud Roodbeen</i>	<i>Liam Mahedy</i>	<i>Sawanya Siriphakhamongkhon</i>	<i>Geoffrey Leggat</i>
	P 2	Women, addiction and domestic violence: are substance-dependent women more aggressive than non-dependents?	Effects of Thai Alcoholic Beverage Control Act (2008) on drinking behaviors and consequences	"You're trying to calculate something that you can't calculate": qualitative study of public understandings of Scotland's new lower drink drive limit	Stress, negative affect, and alcohol consumption in daily life: an ecological momentary assessment study in an adult sample	An exploratory investigation of lived experience of alcohol use and abuse among market women in Ibadan and Kano Metropolis, Nigeria	Developmental patterns of risk behaviors from early adolescence to emerging adulthood: a TRAILS study
		<i>Irmgrad Vogt</i>	<i>Udomsak Saengow</i>	<i>Carol Emslie</i>	<i>Mira Duif</i>	<i>Benjamin O. Olley</i>	<i>Margot Peeters</i>
	DISCUSSANT	Nicholas Taylor	Paula O'Brien	Giovanni Aresi	Cynthia Mohr	Ilana Pinsky	Melissa Oldham
	P 3	Alcohol consumption and domestic violence in India: exploring the role of alcohol prohibition policy	Alcoholic bootlegging in Thai Borderlands	Evaluation of the implementation and enforcement of revised legal drinking age limits in the Netherlands	Optimistic bias in relation to alcohol and substance abuse behavior among the Kenyan youth	Exploring the characteristics of middle-aged risky drinking women in Australia	Age at first drink: elaborating its association with adult heavy drinking
		<i>Ziming Xuan</i>	<i>Kanittha Thaikla</i>	<i>Paul Lemmens</i>	<i>Eunice Mvungu</i>	<i>Mia Miller</i>	<i>Janne Härkönen</i>

	P 4	Number of drinkers per household, reported domestic violence and effect modification by drinking behavior of household head: results from the Thailand Cigarette Smoking and Drinking Behavior Survey 2017		Screening and referral of young people into an alcohol misuse programme in North East England: a qualitative study	The reasons matter - associations between motives and drinking behavior among Swedish youth	Maturing out of binge drinking? Young women constructing acceptable drinking in transition	Period effects in drinking initiation of young Thai drinkers
		<i>Wit Wichaidit</i>		<i>Isabel Gordon</i>	<i>Lars Sjödin</i>	<i>Kristine Vaadal</i>	<i>Sawitri Assanangkornchai</i>
DISCUSSANT	Charlotte Buckley	Aveek Bhattacharya	Evelien Poelen	Helle Larson	Sarah Roberts	Katherine Karriker-Jaffe	
Coffee break: 10:30 - 11:00							

Room	Balzaal	Tuinzaal	Tapas: big	Tapas: small	Cocktail	Quiosque
	Morbidity & Mortality	Industry: vested interest	EMA / web-based interventions	Social determinants, harm & culture	Comorbidity & other substances	Education, school, employment
CHAIR	Cassandra Wright	Kyprios Kypri	Franca Beccaria	Irmgard Vogt	Neo Morojele	Sawitri Assanangkornchai
P 1	Alcohol drinking and risk of chronic liver diseases: findings from the China Kadoorie Biobank	Public private partnerships - implications for alcohol policy development	Effectiveness of an ecological momentary intervention for reducing heavy drinking among young adults	The state of drinking culture research: what can a systematic review tell us?	The last 10 years: Any changes in attitudes to alcohol, cannabis, and substance use?	Long-term effects of youth unemployment on alcohol-related health problems
	<i>Pek Kei Im</i>	<i>Sally Casswell</i>	<i>Cassandra Wright</i>	<i>Giovanni Aresi</i>	<i>John Cunningham</i>	<i>Emelie Thern</i>
P 2	Who should we screen for liver disease? Determining interactions of alcohol consumption and metabolic factors for the development of liver disease: a thirty-year prospective cohort study	The anatomy of alcohol law making: public health - private interest	mRecovery: How supportive are mHealth applications in quitting alcohol addiction?	Social determinants of alcohol's harm to others in Korea	Alcohol and other substance problems among prison inmates	How does area-level education relate to young people's drinking patterns in Chile? Findings from a national population substance use survey
	<i>Annie Britton</i>	<i>Tony Brown</i>	<i>Justyna Klingemann</i>	<i>Kwang Kee Kim</i>	<i>Hilde Pape</i>	<i>Maria Francisca Roman</i>
DISCUSSANT	Hannah Allen	Claire Wilkinson	Alessandro Sasso	Oliver Stanesby	Geoffrey Leggat	Karen Schelleman-Offermans
P 3	Effect of alcohol consumption on morbidity and mortality in patients with cardiovascular disease: original data, systematic review and meta-analysis	Policy actors' perceptions of conflicts of interest and alcohol industry engagement in alcohol policy processes	WayToServe Español: a web-based responsible beverage service training for Spanish-speaking alcohol servers	An individual and contextual analysis of alcohol consumption in India	Prevalence of khat consumption and its associated factors among commercial motorcyclists in Kampala Central Division, Uganda	Meaning in life and self-esteem as predictors of drug involvement among youths receiving treatment for substance use disorders in Ogbomoso, Nigeria
	<i>Chengyi Ding</i>	<i>Katherine Severi</i>	<i>W. Gill Woodall</i>	<i>Samarul Islam</i>	<i>Alice Namugamba</i>	<i>Samson Agberotimi</i>

Parallel sessions: 11:00 - 12:30

	P 4	Does loneliness and social isolation predict mortality because of heavy drinking? Evidence from a nationally representative sample from Finland	Brewing, business and the interpretation of harm	Evaluation of the components of a web-based personalized normative feedback intervention for alcohol use among college students		Investigating drinking profiles among Italian High School students (14-19 y.o.): a latent class analysis	The association between meaning in life and harmful drinking is mediated by individual differences in self-control and alcohol value
		<i>Cynthia Mohr</i>	<i>Sidsel Eriksen</i>	<i>Andre Bedendo</i>		<i>Michele Contel</i>	<i>Amber Copeland</i>
DISCUSSANT		Ajla Mujcic	Mariana Salles	Mia Miller	Wit Wichaidit	<i>Nason Maani Hessari</i>	Eunice Mvungu

Lunch break: 12:30 - 14:00

	Room	Balzaal	Tuinzaal	Tapas: big	Tapas: small	Cocktail
	Title	Injuries & other consequences	Warning labels	Street interventions / harm reduction	Sexual minorities / retirement	Smoking
Parallel sessions: 14:00 - 15:30	CHAIR	Michael Livingston	Annie Britton	Evelien Poelen	Ilona Tamutiene	Udomsak Saengow
	P 1	The influence of rate versus level of alcohol consumption on negative consequences assessed in daily life	The impact of alcohol health warning labels on drinking behaviours: an international survey	The time perspective concept and its relevance for harm reduction interventions for street youth using psychoactive substances: a literature review	Harm from others' drinking among sexual minorities in the United States	Clustering of alcohol use, smoking and obesity as an explanation for the alcohol harm paradox: analysis of eight prospective cohort studies
		<i>Jennifer Merrill</i>	<i>Jason Ferris</i>	<i>Vincent Wagner</i>	<i>Katherine Karriker-Jaffe</i>	<i>Sebastián Peña</i>
	P 2	Alcohol, other drugs, and violent deaths in Canada: opportunities to inform action through enhanced surveillance	The effects of warning labels on containers of alcohol products on alcohol consumption in Yukon: an interrupted time-series design study	Harm reduction approaches to harmful alcohol use in Yellowknife, Northwest Territories, Canada	Retirement and characteristics of drinking occasions	The symbolic action of regulating smoking? The case of e-cigarettes in Sweden
		<i>Heather Orpana</i>	<i>Jinhui Zhao</i>	<i>Bryany Denning</i>	<i>Rita B. Neves</i>	<i>Tove Sohlberg</i>
	DISCUSSANT	Jonas Landberg	Suzie Roscoe	Rob Bovens	Nina-Katri Gustafsson	Victoria Whitaker
	P 3	The impact of alcohol on the acute hospital outcome of traumatic brain injury patients in a low income setting	A new method for analysing the legitimacy of industry self-regulation of alcohol: alcohol and pregnancy warning labels in Australia	What is the appropriate amount of material stuff? Negotiating the amount of stuff at the substance abuse and mental health home visits	Advances in research on alcohol and other drug (AOD) use with sexual minority women: a scoping review	Does socioeconomic status modify the association between alcohol use and smoking and general sickness absence? A cross-sectional analysis of Norwegian employees, 2015-2018
		<i>Catherine Staton</i>	<i>Paula O'Brien</i>	<i>Kirsi Günther</i>	<i>Tonda Hughes</i>	<i>Ingeborg Lund</i>

	P 4	Exploring mental health profiles and drinking patterns of traumatic brain injury patients in Tanzania				
		<i>Loren Barcenás</i>				
	DISCUSSANT	Lotte Gosens	Gemma Mitchell	Lisa Schölin	Niamh Fitzgerald	Maria Neufeld
Coffee break: 15:30 - 16:00						

Wednesday: June 5th, 2019						
Room	Balzaal	Tuinzaal	Tapas: big	Tapas: small	Cocktail	
Title	Alcohol marketing & social media	Community interventions	Retailer / packaging	Alcohol availability	Instrument development	
Parallel sessions: 9:00 - 10:30	CHAIR	Katarzyna Okulicz-Kozaryn	John Cunningham	Frank de Vocht	Jim McCambridge	Paul Lemmens
	P 1	Perception and attitude of Thai people on alcohol advertising	Results of routine workplace alcohol testing in Lithuania	Alcohol retail privatization in Canadian provinces between 2012-2017. Is decision making oriented to harm reduction?	How can public health stakeholders influence local alcohol availability? A systematic analysis of approaches	Are university students' perceptions of social network drinking accurate? Testing the validity of the Brief Important People Interview
		<i>Sirikul Vongsirisopak</i>	<i>Ilona Tamutiene</i>	<i>Norman Giesbrecht</i>	<i>Nason Maani Hessari</i>	<i>Allecia Reid</i>
	P 2	Pattern to changing norm to fight alcohol marketing by process of participation with Local Government in Thailand (case study: Long Boat racing festival)	Using "dosage" in a randomised community prevention trial to reduce alcohol problems in Californian cities	Alcohol packaging size and its association with alcohol consumption among UK drinkers	On- and off-licensed premises drinking behaviour among adults in the City of Tshwane, South Africa	Translation and adaptation of the Alcohol-adapted Perceived Discrimination and Evaluation scale for the Tanzanian culture
		<i>Narakamon Thongplien</i>	<i>Robert Saltz</i>	<i>Inge Kersbergen</i>	<i>Mukhethwa Londani</i>	<i>Joao Ricardo Nickenig Vissoci</i>
	DISCUSSANT	Madeleine Day	Kate Vallance	Adam Sherk	Vadim Radaev	Sarah Callinan
	P 3	How do social media-related assemblages encourage or reduce drinking among young people? Online practices, alcohol consumption and gender	Engaging the community in local alcohol decision-making: reflections from a scoping study in England	Invisible hands: off-sales alcohol retailers between supply and demand	Are countries' alcohol availability policies associated with alcohol's harms from strangers or known drinkers?	The missing links: life-logging and design features of alcohol-related smartphone applications. An extended update and evaluation from an interdisciplinary communication design perspective
		<i>Jukka Törrönen</i>	<i>Joanna Reynolds</i>	<i>Juliet Lee</i>	<i>Thomas K Greenfield</i>	<i>Harald Klingemann</i>

	P 4	What do young people think is driving declines in youth drinking?	Empowering local community structures - an effective approach in fighting alcohol harm		Did the implementation of New Zealand's new Sale and Supply of Alcohol Act reduce alcohol-related assaults?	
		<i>Victoria Whitaker</i>	<i>Juliet Namukasa</i>		<i>Jennie Connor</i>	
	DISCUSSANT	Gabriel Caluzzi	Madeleine Henney	Benjamin Hawkins	Jane Hughes	Ulrike Grittner

Room	Balzaal	Tuinzaal	Tapas: big	Tapas: small	Cocktail
Title	Parental factors	Drinking guidelines / Harms to others	Protection, refusal, risk	Paradigms & Paradoxes	Sexual and social violence
CHAIR	Tonda Hughes	Michal Bujalski	Katherine Severi	Greg Swensen	Ziming Xuan
P 1	The joint effect of parental supply of alcohol across adolescence on alcohol-related harms in early adulthood	Effects on alcohol consumption of announcing revised UK low risk drinking guidelines: findings from a monthly cross-sectional survey	Causal factors of behaviour for protection of drinking alcohol in the youth health region 3, Thailand	"Structure or agency": beer drinking, resistance and the politics of alcohol policy in Botswana	Men's normative attitudes and beliefs regarding male-to-female alcohol-related sexual harassment and aggression (ASHA): development of a theoretical model
	<i>Philip Clare</i>	<i>John Holmes</i>	<i>Samran Siriphakhamongkhon</i>	<i>Tebogo Sebeelo</i>	<i>Samantha Wells</i>
P 2	Parental attitudes towards alcohol use by young people and their perception by adolescent children	Implementation of the Chief Medical Officers drinking guidelines among midwives in the UK	Patterns of reduce refuse and drop alcohol consumption in youth aged 15-19 years in Thailand	Distribution of alcohol consumption and harm across social structure. Does alcohol paradox exist?	Contextual culpability: how alcohol intoxication and its social context impacts sentencing for violent offences
	<i>Katarzyna Okulicz-Kozaryn</i>	<i>Lesley Smith</i>	<i>Narakamon Thongplien</i>	<i>Jacek Moskalewicz</i>	<i>Carly Lightowers</i>
DISCUSSANT	Liam Mahedy	Tony Brown	Sebastián Peña	Mathilda Hellman	Cheneal Puljevic
P 3	Influence of parents' alcohol consumption on children's education	Alcohol use and violence-related injury in Moshi, Tanzania: a mixed methods study	More risks than protection among high risk youth in Poland. Factors associated with alcohol use	Supranational changes in drinking patterns: comparing explanatory models of substantial and parallel social change	
	<i>Chukwuemeke Buzome</i>	<i>Kaitlyn Friedman</i>	<i>Agnieszka Pisarska</i>	<i>Robin Room</i>	
P 4	Early school leaving by children with parental alcohol problems: A comparative study of two Nordic countries	Casting a shadow: harm from known drinkers	Alcohol use - related risk and harm reduction practices among Polish high-risk youth		
	<i>Kirsimarja Raitasalo</i>	<i>Ann Hope</i>	<i>Jakub Greñ</i>		
DISCUSSANT	Philippa Case	W. Gill Woodall	Michele Contel	Tom Babor	

Parallel sessions: 11:00 - 12:30

		Thursday: June 6th, 2019
	Title	Alcohol Marketing, Social Media, & Change
Plenary session: Grote zaal > 9:00 - 10:30	CHAIR	Paul Dietze
	P 1	Using social media "influencers" to market alcohol: an analysis of regulatory and consumer implication
		<i>Madeleine Day</i>
	P 2	The association between social media use and excessive alcohol consumption among youths: a four-country study
		<i>Lina Savolainen</i>
	DISCUSSANT	Gillian Shorter
	P 3	Investigating an alternative alcohol marketing regulation framework for Australia using expert interviews
		<i>Florentine Martino</i>
	P 4	How young people produce authenticity, intimacy and control through non-drinking
		<i>Gabriel Caluzzi</i>
DISCUSSANT	Jukka Törrönen	
Coffee break: 10:30 - 11:00		

Room	Balzaal	Tuinzaal	Tapas: big	Tapas: small	Cocktail
	Big data & event-level	Public opinion & support / outlets & crime	Treatment: cost, training, retention	Traffic injury & sickness abstinence	Gender difference / mental health, & stigma
CHAIR	Emmanuel Kuntsche	Agnieszka Pisarska	Jennie Connor	Isabel Gordon	Sawanya Siriphakhamongkhon
P 1	Take a picture of your drink and I'll tell you how many alcohol units it contains	A systematic review of the effectiveness of interventions to enhance public support for evidence based public health and climate change policy measures: implications for alcohol policy research	The impact of budget cuts to alcohol and drug services on treatment access and recovery in England	Alcohol availability and pattern of drinking behaviour: binge drinking, regular drinking and drink driving	Marriage recognition and other political events: exploration of structural stigma and alcohol use among sexual minority women
	<i>Florian Labhart</i>	<i>Rachel Coleman</i>	<i>Suzie Roscoe</i>	<i>Kanockon Ngamnak</i>	<i>Laurie Drabble</i>
P 2	Leveraging "big data" from internet search activity and social media posting to detect alcohol use risk - advancing population health monitoring and policy evaluation	Towards reduced alcohol-related harm in Canada: Engaging policy stakeholders to translate research knowledge into practices	Do the costs of AUD related health and social care services vary across patient profiles?	How is the risk of sickness absence distributed across different levels and patterns of drinking?	Alcohol-related risky behavior patterns and its association with alcohol use and perceived alcohol stigma in Moshi, Tanzania
	<i>Elissa Weitzman</i>	<i>Kate Vallance</i>	<i>Elina Rautiainen</i>	<i>Jonas Landberg</i>	<i>Joao Ricardo Nickenig Vissoci</i>
DISCUSSANT	Jennifer Merrill	Abigail Stevely	Zoya Kotelnikova	Loren Barcenas	Lina Savolainen
P 3	Recent advances in the development of Transdermal Alcohol Concentration devices and the development of Breath Alcohol Concentration estimation models - a systematic literature review	Off-premise alcohol outlets as crime generators	Knowledge and training interest on alcohol and substance use disorders among health professionals in Brazil	Risk of alcohol-related injury: does societal drinking context make a difference?	Changes in the gender gap in drinking: findings from the HBSC
	<i>Kelly Van Egmond</i>	<i>Aleksandra Snowden</i>	<i>Mariana Salles</i>	<i>Cheryl Cherpitel</i>	<i>Giora Rahav</i>

Parallel sessions: 11:00 - 12:30

	P 4	Alcohol demand assessed daily: validity, variability and the influence of drinking-related consequences		Factors predicting retention in an alcohol-reduction counselling programme within chronic disease services in South Africa's primary care facilities		
		<i>Elizabeth Aston</i>		<i>Bronwyn Myers</i>		
DISCUSSANT	Ines Bonacho dos Anjos Henriques-Cadby	Yvette Mojica-Perez	Bryany Denning	Catherine Staton	Mira Duif	
Lunch break: 12:30 - 14:00						

	Room	Balzaal	Tuinzaal	Tapas: big	Tapas: small	Cocktail
	Title	Modeling & Deep learning	Industry influence/ policy	Policy difference/ changes	Socioeconomic inequalities & harm	Partner effects / social roles
Parallel sessions: 14:00 - 15:30	CHAIR	Allecia Reid	Rachel Coleman	Joanna Reynolds	Meir Teichman	Carol Emslie
	P 1	Modelling alcohol consumption: a Bayesian conditional copula-based regression approach	Transgressive drinking practices in contemporary Nigeria: the role of colonial government's alcohol policies and drinking culture	Understanding regional variation in the impact of alcohol policy	Inequalities in alcohol-related harms among Thai households	The relationship between partner's drinking and respondent's quality of life: a multi-country analysis
		<i>Jose Romeo</i>	<i>Emeka Dumbili</i>	<i>Madeleine Henney</i>	<i>Polathep Vichitkunakorn</i>	<i>Kathryn Graham</i>
	P 2	The normative underpinnings of population-level alcohol use: an individual level simulation model	Why Uganda is losing the battle against alcohol and drug abuse	Effects of partial bans on off-premise sales of alcohol beverages on hospitalization rates for alcohol intoxication in Switzerland	Financial problems associated with others' drinking across the globe: unequal effects of women and children?	Social roles and alcohol use behaviours: an analysis of coevolving time trends for the period 1979-2015
		<i>Alan Brennan</i>	Jayne Tusiime	<i>Gerhard Gmel</i>	<i>Anne-Marie Laslett</i>	<i>Charlotte Buckley</i>
	DISCUSSANT	Colin Angus	Daan Hulsmans	Tim Stockwell	Hannah Allen	Joseph Redfern
	P 3	Development of a deep learning computer algorithm to identify beer, wine and champagne from pictures	Showing 'the J curve in all its glory': exploring alcohol industry influence on the Moderate Alcohol and Cardiovascular Health (MACH) trial	The influence of policy changes on rates of alcohol-related emergency department consultation among youth	The association between harm from others' drinking and one's own consumption: how does education play a role?	The influences of daily drinking and relationship functioning: evidence from the Daily Family Study of U.S. military veterans and spouses
		<i>Emmanuel Kuntsche</i>	<i>Gemma Mitchell</i>	<i>Catherine Paradis</i>	<i>Kim Bloomfield</i>	<i>Cynthia Mohr</i>

	P 4	Can machine learning help us understand how choice of outlet location and type varies according to drinkers and drinking occasions?		Changes in youth drinking behaviours after the implementation of the alcopops tax	The socioeconomic distribution of alcohol-related violence and alcohol-related anti-social behaviour in England and Wales	Relationship between substance use and victimization to intimate partner violence among men in Nyeri County, Kenya
		<i>Ines Bonacho dos Anjos Henriques-Cadby</i>		<i>Yvette Mojica-Perez</i>	<i>Lucy Bryant</i>	<i>Lydia Maingi</i>
DISCUSSANT	Elissa Weitzman	Juliet Lee	Janne Härkönen	Ingeborg Lund	Philip Clare	

Coffee break: 15:30 - 16:00

	Room	Balzaal	Tuinzaal	Tapas: big	Cocktail
	Title	Elderly, comorbidity & Cancer	Policy	Intervention: modeling and social interactions	Intellectual disabilities
Parallel sessions: 16:00 - 17:30	CHAIR	Tove Sohlberg	Carmen Voogt	Jessica Storbjörk	Margot Peeters
	P 1	Patterns of alcohol use among older people - based on the results of the Standardized European Alcohol Survey (RARHA SEAS)	Is policy in the mind of the beholder? True and false awareness of local social host ordinances	Choosing interventions to reduce alcohol-related harms: a protocol for a modelling study	Prevalence of alcohol and drug use among adolescents and young adults with intellectual disabilities and behavioural problems
		<i>Marta Zin-Sedek</i>	<i>Mark Wolfson</i>	<i>Amanda Jones</i>	<i>Evelien Poelen</i>
	P 2	Association between alcohol consumption and comorbidity: results from a national survey in Brazil	Alcohol policy in the Netherlands: the National Prevention Agreement	The Outcome Reporting in Alcohol Brief Intervention Trials (ORBITAL) core outcome set: global consensus on key outcomes in efficacy and effectiveness trials of alcohol brief interventions	Daily diary method in intellectual disability and substance use problems: possibilities and challenges
		<i>Joao Ricardo Nickenig Vissoci</i>	<i>Dike Van de Mheen</i>	<i>Gillian Shorter</i>	<i>Daan Hulsmans</i>
	DISCUSSANT	Heather Orpana	Kelly Van Egmond	Jakob Manthey	Elizabeth Aston
	P 3	The effectiveness of remote-delivered interventions for smoking cessation and alcohol moderation among cancer survivors: a meta-analysis	Reconceptualising alcohol policy: a view from political science	Reducing harms through interaction: frames and roles in unpredictable conversations in a support project for people using drugs	The effectiveness of an indicated prevention program for substance use in adolescents and young adults with mild to borderline intellectual disabilities
